Ho opened his address by briefly referring to some of the corious problems which faped his administration during the year 1834, then taking up his subject in detail he spoke in part as follows:

"In the last days of June, 1884, a very determined and ugly labor disturbance broke out in the city of Chicago. Almost in a might it grew to full proportions of malwoolnes are year-companisments, and it spreaded the strike of the country of the railroad transportation of the country. RALEIGH. N. C., May 2.—On petition of John P, Cuyler, of New Jersey, who helds thirty-seven shares of stock, Judge Purnell, in the United States Circuit Court here, to-day issued an order for the Atlantic and North Carolina Railroad Company to appear before him May 21st and show cause why a receiver should not be appointed for the road. Counsel for Cuyler are Fleming and Fleming, of New York. Captain W. H. Day and Colonel T. M. Argo, of Raleigh. The complaint is much the same as that filed by Finch, under which Judge Purnell formerly appointed Captain V. E. McBee receiver, the proceeding having run amuck, as it were, and been withdrawn after the sensational bench warrant hearings before Chief Justice Clark and in the Superior Court.

The Cuyler complaint includes some additional charges, the facts for which have been developed in the Finch-McBee hearings, and the subsequent investigation into the condition of the road by the board of internal improvements and special committee.

The most general criticism of the new proceeding here is that it should not have been started until the report of the board and committee as to the condition of the road was filled with the Governor. This was expected Friday or Saturday of this week.

The Wake county bar this morning adopted tributes to the memory of the United States Circuit Court for this diatrict.

MEMORIAL DAY.

It has been agreed among the merchants and business men of this city that all stores and places of business shall be closed during the afternoon of May 10th. Confederate Memorial Day, There will be cluborate ceremonics at the Confederate Memorial Day, There will be cluborate ceremonics at the Confederate Cemetery, and the address will be by General Theodore Davidson, his subject being "The Life and Character of General Robert Vance."

Interest in State politics is growing considerably, especially the contest over the Democratte nomination for Governor, and the race is more than ever narrowing down to R. B. Gienn, of Winston-Salem, and Charles M. Stedman, of Greensboro, the contest appearing to be aliq and tuck. The only State officer that has openly taken a hand in the contest is State Treasurer B. R. Lacy, who is working for Glenn delegates to the convention, and friends of Stedman are urging Capital Tom Mason, of Northampton, to get in the race for the nomination for treasurer, it is understood that he has signified his intention of doing so. No opposition to the renomination of any other State officer has developed.

"AM I INSANE" ASKS DOCTOR

Physician, in Fear of Self-Hypnotism, Demands Examination at New York Hospital.

DESCRIBES HIS OWN CASE

Has Hypnotized Other People Until He Becomes Victim, of Own Art.

(Special to The Times-Dispatch.) NEW YORK, Moy 2.—Believing himself a victim of self-hypnotism, Dr. Patrick H. Collins, who for the last few days has lived at the Irvington Apartment Hotel, at No. 408 Central Park, West, walked into the reception room of Bellevue Hospital yesterday afternoon, asked to see a physician, and when Dr. Packer stopped forward said:

"I wish you would examine me and tell me whether or not I'm going crazy."

"I wish you would examine me and tell me whether or not I'm going crazy."

Recovering from his shock, Dr. Packer mestioned his strange visitor, and this was the answer he received:

"I have reason to believe I have hypnestle mania and I want to find out whether I have or not. If I am going mad I want to be taken care of. Look me over and tell me, will you?"

"You will have to tell me something about yourself," said the physician.

"Well," said the patient, sanely enough. 'I am a doctor, and I feel that I am very proficient in the art of hypotism. In fact, I have had a great deal of success practicing it. Then, again, my triends and patients seem to hypotize me, and sometimes when I sit alone and get to thinking I hypotize myself. I can't understand the feeling I get at those times, but it is uncomfortable, and that's why I'm here. Am I crazy?"

Unable to answer this leading question with any degree of directness, Dr. Packer suggested that the patient remain in the institution for a little while and permit them to inquire into his case. He was then placed in the psychojathic ward, where he dill remain under observation for a few days.

Sprains and Bruises Quickly Cured.

When you get a sprain or bruise valuable time may be saved by promptly applying Chamberlain's Pain Balm to the injured parts. It will cure a sprain in one-third the time required by the usual treatment. Last winter Herb. Wedwards, of Des Moines, Iowa, got a fall on an ley walk, spraining his wrist and bruising his knees. 'The next day,' he says, "they were so sore and stiff I was afraid I would have to stay in bed, but I rubbed the parts well with Chamberlain's Pain Balm, and after a few applications all soreness had disappeared. I feel that this bottle of Pain Balm saved me several days' time, to say nothing of the suffering.' For sale by all druggists.

"Many will doubtless ask what are the further purposes of the association in regard to Jamestown. First of all, it is its intention, craphasized by a resolution unanimously adopted by its last general meeting, never to convey away its property there. Its one object is to preserve and beautify the historic site in a manner worthy of all it stands for, but preserve and beautify the historic site in a manner worthy of all it stands for, but preserve and beautify the historic site in a manner worthy of all it stands for, but preserve and beautify the historic site in a manner worthy of all it stands for, but preserve and beautify the historic site in a manner worthy of all it stands for, but preserve with the completion of the sea wall is earnestly deafred, and then that, as soon as practicable, all the ground owned by the association be thoroughly examined and all foundations excavated and secured against decay. The beginning of a find to creek a memorial to John Smith has already been raised, through the efforts of Mrs. Charles Washington Coleman, of Williamsburg, one of the incorporators of the association, and from the beginning one of its most active and devoted friends. Another hope of the association is to have a portion of its land haid out as a formal garden, in the midst of which will stand a house of the style of architecture contemporary with the first settlement, and which will contain a museum and accommodations for visitors. Above all, it is the cherished desire, in readral to huldings, that there shall be arected over and entirely outside of the foundations of the old church, a structure as much like the original as possible, as to its wall, but which, instead of a floor, will show the uncarthed foundations and pavement, and whose windows shall contain memorials in of a floor, will show the ultrative attention attents, tember a payment, and whose windows shall contain memorials in stained glass of the doughty ploneers who first set up the flag and the cross of our motheriand in the newly-found world of the west.
